A foundational education in chemistry and human biology, commonly used as an entry level course for students in nursing and paramedicine

Capabilities

Data skills demonstrated through data science project solutions and analysis of business cases with Deloitte, Craigs Investment, Forsyth Barr and working at the Accident Compensation Corporation (ACC) as a Customer Insights Analyst.

- ✿ Experience with medical and clinical information in my role as Customer Insight Analyst at ACC.
- ✿ Strong organisation and time management skills as demonstrated in my teaching role at Victoria University of Wellington.
- ✿ Able to work as part of a team in pressured environments as demonstrated through my role in completing data science projects for several competitions
- ✿ Strong interpersonal skills with ability to work in multicultural environments
- ✿ Able to quickly learn, adapt and interact with people from diverse backgrounds.
- ✿ Ability to effectively communicate, negotiate and persuade both in written form and verbally
- ✿ Typing speed 98 words per minute (text to text).

EXPERIENCE AND AWARDS

JULY 2021 – CURRENT (CONTRACT)

TUTOR, VICTORIA UNIVERSITY OF WELLINGTON

Tutor / Teaching Assistant for INFO264. Responsibilities including teaching workshops for students, marking assignments and tests, answering student emails, and coordinating with faculty and teaching staff. Requires strong time management, communication and interpersonal skills. Also requires strong skills with Excel.

JULY 2021 – CURRENT (PART TIME)

CUSTOMER SERVICE REPRESENTATIVE, BP

Responsibilities cash handling, merchandising, inventory management, taking coffee orders, deep cleaning and preparing Uber Eats deliveries. Requires the ability to work in fast paced environments, manage high pressure situations and strong interpersonal skills

NOVEMBER 2020—FEBRUARY 2021 (INTERNSHIP)

CUSTOMER INSIGHTS ANALYST, ACCIDENT COMPENSATION CORPORATION (ACC)

Analyst working with ACC involving highly sensitive customer medical, payments and claims data in the Customer Insights and Experience (CI&E) team observing Agile principles

This role included querying data warehouses with SAS and SQL, extracting medical terms from PDF documentation using regex expressions for text extraction and Optical Character Recognition (OCR) in R and data exploration, cleaning, and visualization in Python, applying business rules to data with SAS. Additional use of Microsoft Excel for graphing and for data validation.

3 JUNE 2017—5 JUNE 2017 (CASUAL ROLE)

GUEST MINDER, BEYOND REALITY MEDIA

Liaison for Matt Letscher (American actor in “The Flash” TV series), during the *Armageddon Expo*. I was responsible for the interface between Matt and the general public and answering customer queries. I was also responsible for taking payments. This role required interpersonal relationship, organizational and time management skills.

AUGUST—SEPTEMBER 2019

2ND PLACE, MYOB IT TRANS-TASMAN CHALLENGE

High performance in a team to win second place in this Trans-Tasman competition sponsored by MYOB, judged from senior employees from Ernst and Young (EY), Grant Thornton and MYOB. In this competition my team presented an IT solution for MYOB’s small businesses. Through this competition I developed my research, project management team work and presentation skills.

JULY 2019

BEST SPEAKER, BIC STOCK VALUATION COMPETITION

I was awarded the Best Speaker award and my team came second place for the stock valuation of The Warehouse Group based on the quantitative and qualitative fundamentals of the company, judged by judges from Forsyth Barr and Craigs Investment Partners. This required research, communication and presentation skills.

JULY 2019

MENTOR, EXCEL ON CAMPUS

This was a voluntary position for the Excel on Campus program involving teaching international students to Victoria University how to navigate New Zealand culture. This involved roleplaying and scenario building. I learned interpersonal skills and how to work in a multicultural environment in this role.

MARCH 2019

2ND PLACE, VICTORIA BUSINESS CONSULTING & DELOITTE CASE COMPETITION

My team won second place on a business solution for a business case on Z Energy's strategic plan. I used analytical, interpersonal and presentation skills through the process of analysing Z Energy's company, discussing ideas with team members and presenting our strategy solution to judges from Deloitte.

MARCH 2018—CURRENT

PARTICIPANT, VICTORIA INTERNATIONAL LEADERSHIP PROGRAMME & VICPLUS

I am a participant in the International Leadership programmes extracurricular programs. These programmes develop leadership skills through supporting the local

community and being involved in the international community. Through pursuing these programmes, I have managed events with numerous local community organisations (Communities Action Trust NZ ("ASEAN Night Market") and Multicultural Society of Wellington ("Race Relations Day"). I have also been a participant and course mentor (respectively) with the Victoria International Buddy Program and Excel On Campus (certificate program teaching international students skills to successfully transition to New Zealand). I have also been involved in local conservation organisations such as Places for Penguins and the Society for Conservation Biology. I have learned communication and leadership skills through these events.
